Daytime
webinar

**TUESDAY
9TH JUNE
1PM - 2PM**

RUTH BARRATT RN, BSc, MAdvPrac (Hons)

Independent IPC and quality Advisor, Clinical
Nurse Consultant IPC Biopreparedness, Westmead Hospital, Sydney

Ruth Barratt is a registered nurse, quality advisor and researcher. She holds a Masters in Infection Prevention and Control and is credentialed at expert level through the Australasian College for Infection Prevention and Control. Ruth has over 22 years of experience in this field across the private and public sectors in New Zealand and Australia. She has authored several IPC journal publications and represented infection prevention and control professionals on a number of Australasian committees and working parties. Ruth's current role is the development and implementation of infection prevention and control protocols and procedures for the management of a patient with a High Consequence Infectious Disease (HCID) within the NSW state biocontainment facilities.

HER TOPIC WILL INCLUDE:

- Guiding principles of infection prevention and control for community care in the context of COVID-19
- What, when and why of PPE use for community care
- Clients and mask use
- The challenges of residential care during COVID-19
