

# A Better Future for Rural Health in Aotearoa New Zealand

**NEW DATE**

**Tuesday  
29th Sept  
7.30 – 8.30pm**

October's election is drawing closer, and we are keen to help our members, and rural stakeholders cast an informed vote based on Party commitments to rural health initiatives.

We have offered the opportunity for the four bigger parties to put forward a health spokesperson to discuss their party's plan and vision for rural health over the next 3 – 10 years.

Each panellist will have five minutes to express their vision for creating a better future for rural health, followed by a Q&A session. There will be audience chat and Q&A, or if you wish to submit a question in advance, please email [marie@rgpn.org.nz](mailto:marie@rgpn.org.nz)

**ZOOM  
WEBINAR**

**REGISTRATION  
REQUIRED**
