

YOU'RE INVITED TO A **ZOOM WEBINAR**

PHARMAC
TE PĀTAKA WHAIORANGA

INTRODUCING **HE AKO HIRINGA & THE EPiC DASHBOARD**

Daytime
webinar

**TUESDAY
8TH DECEMBER
1PM - 2PM**

ALESHA SMITH *BSc, MSc, PhD, MBA*
*Associate Professor at University of Otago School of
Pharmacy, Director of Airmed*

Dr Alesha Smith will speak about the development of He Ako Hiringa, a new primary care clinical education programme. She will also present He Ako Hiringa's interactive data tool, EPiC, set for release in early 2021. EPiC (Evaluating, Prescribing to Inform Care) is an interactive prescribing dashboard that allows prescribers to analyse and compare their medicine management behaviour. As a developer of the EPiC dashboard and a health researcher herself, Alesha will then demonstrate how EPiC can be used to explore the care provided to patients, using medicines for type 2 diabetes as an example.

HER TOPIC WILL INCLUDE:

- What He Ako Hiringa can do for you
- Introducing EPiC, a new data tool
- How EPiC can improve patient care
