Nga nahi tuawhenua o Aotearoa

ENDOMETRIOSIS; A PUBLIC HEALTH ISSUE TOO BIG TO IGNORE

Daytime
webinar

**TUESDAY
2ND MARCH
1PM - 2PM**

DEBORAH BUSH

*Co-founder and Chief Executive
Endometriosis New Zealand*

Deborah has had a global influence on the promotion and prevention of endometriosis worldwide. She developed the world's first Menstrual Health and Endometriosis (me™) programme for schools in 1997, which has significantly influenced early recognition of symptoms and timely intervention in adolescents in New Zealand. This has been endorsed by the World Endometriosis Society (WES) as the preferred education programme worldwide.

THE TOPIC WILL INCLUDE:

- Background
- Aetiology and symptoms
- Differential diagnosis: diagnosis
- Patient's journey: bell ringers
- Chronic Pelvic Pain
- Treatment and Management
- Early Intervention
- Clinical Case Studies
