

YOU'RE INVITED TO A **ZOOM WEBINAR**

# COVID-19 PANDEMIC – THE NEW REALITY

**WEDNESDAY 1ST SEPTEMBER  
7:30PM – 8:30PM**

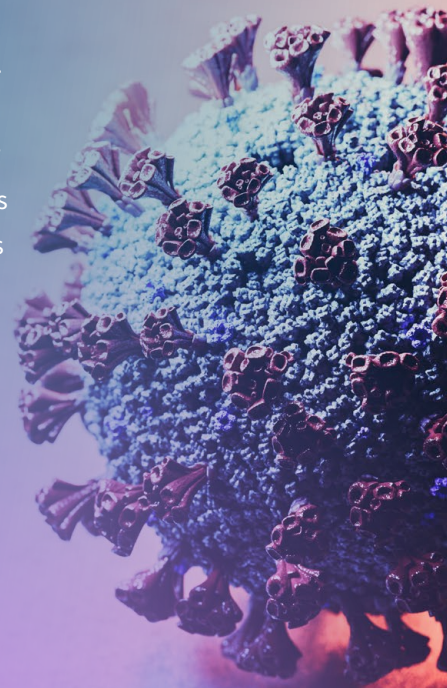

## **BEN HARRIS**

*Medical Microbiology  
Scientist  
NZ Infection Prevention  
& Control Consultancy  
Christchurch,  
New Zealand*

Ben registered as a Medical Laboratory Scientist in 1978. Since then he has had an extensive career in the Diagnostic Microbiology field. He is an honorary lecturer for the University of Otago and gives many presentations to multidisciplinary conferences, seminars and practices every year on many microbially related topics including our microbiome and its relationship to health and disease, emerging antibiotic resistances and emerging infectious diseases.

### **THE TOPIC WILL INCLUDE:**

- **The new “reality”**
- **Delta variant overview – How the R0 numbers compare**
- **Vaccination progress**
- **Extended Q&A session for you to ask those burning questions!**

## **REGISTRATIONS REQUIRED**
